LEGACY PROJECTS

Successfully launched 3/4 posts in the social media Rhino Ark Spotlight Series

Ongoing successful rehabilitation of 70 hectares in Tirigoi Sites A/B and D, with high indigenous seedling survival rates (81% and 87% respectively)

77,000 indigenous trees now established across both sites

Daily maintenance and patrols by 4 full-time community scouts; supported by 247 local casual workers (144 men, 103 women) engaged in seasonal site clearing

Strong compliance with national forest protocols and active partnership with Kenya Forest Service (Ndoinet) and local Community Forest Association

All sites visibly branded with Platcorp signage for donor recognition

998 tsetse fly traps deployed across the Rhino Sanctuary, including a 4km buffer zone

9 local community members (Ik and Dodoth) fully trained and employed for ongoing monitoring and maintenance

Tsetse density reduced from 170 flies/trap/day at baseline to 6.25 flies/trap/day inside the sanctuary

Poultry farming initiative launched - sensitisation meetings held, 30 women selected, baseline survey completed, and first training conducted

Chicken coop site identified and approval process underway

Old Nataba gate renovations started to accommodate tsetse control team

THE LAMU MARINE CONSERVATION TRUST

1 Patrol Boat procured, registered, branded & insured to support marine surveillance.

First **soft patrol within the mangrove channel** to map mangrove infringement hotspots

Conducted **2 training sessions for the Beach Management Unit intelligence** gathering team (10 leaders)

Two multi-agency meetings were completed with government officials and agencies.

Targeted training was successfully conducted for the patrol teams

Strategic alignment session held with the full board and stakeholders endorsing a 3-phase consolidation plan for Mara Hills.

Successful Platcorp project site visit.

Two major grant proposals submitted: IKI (KES 26M) and GEF8 HCI (KES 260M)

KES 1.1M raised from Naretoi homeowners

Baseline assessment of staffing and resources completed for Enonkishu and Mbokishi conservancies

Two successful “Mara Hills Socials” held to strengthen stakeholder communication and cohesion

SUBSIDIARY PROJECTS

Platinum Credit Kenya

In Q2 2025, Platinum Credit Kenya focused on health, sports, education and environmental initiatives.

Health Impact

We **donated 5 water tanks** to 4 public schools and 1 county government market, **supporting over 2,000 students and vendors**.

Beneficiaries include Kabarnet School for the Deaf and Blind, Kitise Secondary School, Milimani Primary School, Bakisa Girls Secondary School, and Machakos County Government Market.

Through our Road Safety and Protective Gear Initiative, we **donated PPE (reflective vests and helmets) to 90 motorbike users** across 41 branches to enhance visibility and reduce injuries.

Sports Promotion

We supported the **Platinum Eldonets Basketball Team** by **providing training equipment and new official seasonal uniforms** for the 2024/2025 season.

We **support community and youth football teams by providing them with football training equipment and uniforms**. We supported the Loitoktok Prisons Football Team, Malindi Prisons Football Team and Ruiru Sportiff County Football Academy.

Community and Educational Impact

Through our sanitary towels donation initiative, we **donated 25,000 sanitary towels to 66 public & schools and government institutions** (correctional facilities).

We **repainted four classrooms** at Kapsowar Primary School.

Environmental Impact

We support sustainable farming practices by donating 260 knapsack sprayers to farmers under the Agrifinance program (Viazi and Maziwa farmers) across 20 Agri-finance branches.

Through our Hike for Trees Initiative, 120 hikers participated in the reforestation of Kianugu Hills and Mount Longonot by planting 100,000 seedballs.

Platinum Credit Uganda

In Q2 2025, Platinum Credit Uganda focused on health initiatives.

Health Impact

Through our partnership with the Uganda Police, we **renovated the Nsambya Police Health Centre III**. We refurbished their laboratory with a terrazzo floor, worktops, new sinks, partitioning and installation of storage and filing cabinets.

Before

After

In Q2 2025, Premier Credit Kenya focused on community development, health, education and environmental initiatives.

Community Development

We implemented targeted interventions to improve service delivery and community experience at several police stations.

At Kiserian Police Station, we **donated a 5,000-litre tank** was installed to harvest and store rainwater.

At Ongata Rongai Police Station, we **constructed a shaded waiting bay**.

In Kerugoya, we **built a new exhibit store**.

At Eldoret Police Station, we **repainted the traffic department's offices**.

Health Impact

In partnership with the Heart to Heart Foundation's fundraiser walk, organised by Karen Hospital, we are **helping raise funds for life-saving heart surgeries for children with cardiac conditions**. Our contribution and participation aim to ensure every child has access to the critical treatment they deserve.

We are sponsoring essential **occupational therapy for 20 underprivileged children with Cerebral Palsy**, providing therapy sessions twice a week for an entire year.

Educational Impact

We **donated a 10,000-litre water tank** to Makuka Primary School in the remote, arid region of Kitui, serving 429 students.

At Ndururu Secondary School in Kawangware 46, which serves 559 students and 28 staff members, we **donated a 10,000-litre water tank**, ensuring improved water availability and proper sanitation for both students and staff.

Environmental Impact

To commemorate World Environment Day under the theme "End Plastic Pollution," in partnership we **organized a forest clean-up of Karura Forest**.

Premier Credit Uganda

In Q2 2025, Premier Credit Uganda focused on the health pillar.

Health Impact

We partnered with Buganda Kingdom as a corporate sponsor for the Kabaka Birthday Run.

The run's objective 'Men For Good Health To Save The Girl Child And The Fight to end HIV/AIDS by 2030'

In Q2 2025, Fanikiwa focused on education initiatives.

Educational Impact

We **donated 10 computers, 10 tables, and 10 chairs** to KumbuKumbu Primary School.

We also **renovated the computer room**. The upgraded classroom, with a capacity to accommodate 20 students, now offers a conducive space for learners to develop essential digital skills that will prepare them for future opportunities.

Viva 365

In Q2 2025, MOMENTUM focused on environmental initiatives.

Environmental Impact

We took part in an event focused on learning about motivation, the foundation of the Wangari Maathai Institute, and the planting of indigenous trees as symbols of resilience, growth, and hope. Species such as *Prunus Africana* (Muiri) and *Ficus Thoningii* (Mugumo) were chosen for their ecological benefits and cultural significance in Kenya.

A total of **20 indigenous trees were planted**, and **half an acre of degraded land was adopted for restoration**, helping to improve ecosystem resilience and support local biodiversity.

MOMENTUM

In Q2 2025, MOMENTUM focused on education initiatives.

Educational Impact

Through the **Sahih Scholarship Fund** (underwriting deserving needy Muslim students) across different institutions in the country, **we sponsored 13 students**.
